I used the Hand-Penned stamp set and Hand-Penned Designer Series Paper for today's card, as well as the Stitched So Sweetly dies. This DSP and the Stitched So Sweetly dies are being retired. Get them soon if you want them! As of the writing of this Project Sheet they are still available! On to the card design.

### 1. Card Cuts:

- Card Base - Cut 1 Highland Heather cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- Black Panels - Cut 1 Basic Black cardstock to 3" x 4-1/8"
- DSP - Cut 1 to 4-1/4" x 3-1/4". Die cut using the largest rectangle from the Stitched So Sweetly dies.
- White Panel - Cut 1 to 4-1/4" x 3-1/4". Die cut using the largest rectangle from the Stitched So Sweetly dies.
- Scrap of white cardstock for sentiment
- Scraps of black cardstock to place under colored flower panel (more on this later)
- Inside Card Panel - Cut 1 Basic White cardstock to 5-1/4" x 4"
- DSP for Envelope - Cut 1 coordinating DSP to 2-3/4" x 6"

2. Using the largest image from the Hand-Penned stamp set, repeatedly stamp across the front of the card base in Highland Heather ink. You really only need to focus on stamping this image on the outer 1-1/2" of the card front as the rest will be covered by the panels.
3. After die cutting the piece of DSP, adhere it to one of the black panels. Adhere this to the card front on the upper left-hand corner, leaving approximately a 1/2" reveal of the card front on the top and left.
4. On the die cut white panel, stamp the two-flower image in Tuxedo Black Memento ink. Using Stampin' Blends, color in the image. I used Daffodil Delight, Granny Apple Green, Pool Party and Cinnamon Cider Stampin' Blends.
  - Use the light and dark shades of Daffodil Delight to color in the flowers.
  - Use Cinnamon Cider to color in the center of the small flower.
  - Color the leaves and stems using both the light and dark shades of Granny Apple Green, then color over the same areas using the light shade of Pool Party. This gives the leaves a greenish-blue look (this step is optional but I love to mix colors for different looks).
5. Adhere the white flower panel to the other black panel.
6. Cut two narrow strips of scrap cardstock (I used black cardstock) and adhere to the right and bottom areas of the back of this panel. Adhering the cardstock strips will help to raise the panel where it falls directly onto the card front since there is already thickness where the DSP panel and flower panel will overlap.
7. Adhere the flower panel to the cardbase, placing in the lower right-hand corner, leaving an approximate 1/4" reveal on the right and bottom.
8. Tie a bow using Fresh Freesia Open Weave Ribbon and adhere to the flower stem using a Mini Glue Dot.
9. From a scrap piece of white cardstock, stamp the sentiment "Thanks". Cut to approximately 1-1/2" x 7/8". Use Stampin' Dimensionals to adhere to the card front, angling the sentiment in the upper left corner of the flower panel.
10. Stamp a portion of the multi-flower image from the Hand-Penned stamp set in Highland Heather ink in the upper left and lower right corners of the white inside panel. Adhere the panel to the inside of the card.

11. Using the same stamp and ink color in step 10, stamp the multi-flower image in the lower right corner of the front of the envelope.
12. Adhere the coordinating DSP to the envelope flap and fussy cut around the flap to finish off the envelope.

The card is complete! I am really going to miss the beautiful Hand-Penned DSP as the papers in this set are really beautiful!

The products used to create this card are included on the next page.
