- Inside Panel - Cut 1 Basic White cardstock to 5-3/8" x 4-1/8"
 - Envelope - Cut 1 coordinating DSP to 6" x 2-3/4"
2. Start off by stamping the Hippo in Tuxedo Black Memento ink. Use Stampin' Blends in Petal Pink to color his toes, and Gray Granite to color his body. Die cut using the coordinating dies.
 3. Die cut the snorkel and goggles in Gray Granite cardstock. Use a Stampin' Write black marker to color the goggles and the hose of the snorkel. I left the mouth piece of the snorkel gray.
 4. Using Tahitian Tide cardstock scraps, die cut the "splashes" and the wave.
 5. Using the Fabulous Frames Dies, die cut the decorative frame in Night of Navy cardstock, then cut again in Basic White cardstock. The Night of Navy outside frame portion will be used as the frame and the inside white portion will be used for our scene.
 6. Trim the wave die cut so that the bottom and sides of the wave are flush with the bottom of the white center panel. Adhere the wave to the bottom of the white center panel. Using Stampin' Dimensionals, adhere the hippo at an angle to the white center panel. Adhere the goggles and snorkel to the hippo. Adhere the water splashes on the white center panel, behind and to the left of the hippo. I angled the hippo so that it looks like he's jumping into the wave and making a splash!
 7. Adhere the Tea Boutique DSP panel (in Tahitian Tide polka dots) at an angle on the card front. Adhere the Night of Navy frame at an angle over top of the DSP.
 8. Adhere the white center panel (the scene) inside of the Night of Navy frame.
 9. Stamp the sentiment from the Hippest Hippos stamp set onto a scrap of Basic White cardstock and trim down to approximately 1/2" x 1-3/4". Using a small pair of scissors or snips, cut a banner on the right side of the sentiment and adhere to the lower right of the card front using Stampin' Dimensionals.
 10. Wait, the fun is not over! On the inside panel, partially stamp the hippo so that it looks like he's peeking around the corner! Use Gray Granite and Petal Pink Stampin' Blends to color in the hippo. How cute! Adhere the inside panel to the inside of the card base. **Do the same for the envelope front but remember to slide a scrap piece of paper or cardstock inside of the envelope to prevent bleed through when coloring the Hippo.**

11. Adhere the coordinating piece of DSP to the envelope flap and fussy cut around the flap to finish off the envelope.
12. Place a couple of Opal Rounds to the card front...they look like water droplets!

Here's a close up of our water loving hippo!

The card is complete! There are three different hippo images in this stamp set and four different sentiments. For the Hippos Dies, there are a variety of elements to create different scenes with the hippos...This is absolutely the cutest stamp set I think I have ever seen! So much fun!

Note: I purposely leave most of my inside card panels free of sentiments so that I can add a sentiment later when needed to match the occasion.

Products used to create this card that are available now are shown on the next page. The Hippest Hippo and Hippo Dies will be available for customer orders beginning July 1.
