A team member recently shared this card on our team Facebook page (thank you Jan!). This card is a CASE of a card that Tami White (stampwithtami.com) shared in a YouTube video some time ago. I thought the card was so lovely that I just had to recreate it! I do not own the stamp set that was originally used in Tami White's card, but I dug through my sets and pulled out the **Beauty of Friendship Stamp Set**. This card uses the Two-Timing Technique, and minimal supplies. This would make a great card for almost any occasion and would be suitable for both male and female.

1. Card Cuts:

- Card Base - Cut 1 Cherry Cobbler cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- Panel - Cut 1 Very Vanilla cardstock to 5-1/4" x 4"
- Focus Panel - Cut 1 Very Vanilla cardstock to 4-1/2" x 1-1/2"
- Focus Panel Mat - Cut 1 Cherry Cobbler cardstock to 4-5/8" x 1-5/8"
- Inside Panel - Cut 1 Very Vanilla cardstock to 5-1/4" x 4"

2. Using a temporary adhesive, apply the adhesive on the back of the Focus Panel (Very Vanilla, 4-1/2" x 1-1/2") and temporarily adhere it to the Very Vanilla panel. Place the top of the smaller panel approximately 1" from the top of the larger panel and center left to right. Ink up the tree stamp (trunk and limbs) from the Beauty of Friendship Stamp Set with Early Espresso ink and stamp the tree over the two panels. When stamping, make sure that a portion of the top of the tree is stamped onto the larger panel. Note: There will be a gap above and below where you stamped over the two panels, but once the focus panel is matted you won't see the gaps.
3. Separate the large panel and small panel. On the small panel (focus panel), use the dotted stamp from the Beauty of Friendship Stamp Set and stamp Daffodil Delight ink on the panel. Stamp all of the areas immediately to the left and right of the tree, then start tapering off the stamping on the right side of the panel to give the appearance that the leaves are blowing in the wind. Second generation stamping is good in this area to the right! Repeat this same process using Pumpkin Pie ink, then Cherry Cobbler ink.
4. Adhere the stamped focus panel to its Cherry Cobbler mat. Adhere the larger vanilla panel to the card front, then adhere the focus panel to the card front, making sure to line up the tree trunk image.
5. Using Early Espresso ink, stamp the sentiment "Thank You" onto the lower right of the card front.
6. To finish off the card front, adhere one large Rustic Metallic Adhesive-Back Dot to the left of the sentiment and two small Rustic Metallic Dots to the right of the sentiment.
7. Partially stamp the tree in Early Espresso ink onto the lower left corner of the inside panel, then use the dotted stamp to stamp in the leaves as you did in Step #3 above. Do the same for the envelope front and envelope flap.

This completes the card! Even though I used the small dotted stamp from the set to fill in around the tree your mind actually reads the dots as leaves. I like to watercolor landscapes and no watercolor painter ever actually paints in each individual leaf...it would take forever! But our minds take in the scene and adjusts accordingly! Pretty cool!

Products used to create this card are included on the next page.
