This simple and sweet Welcome Baby card was created using the Happier Than Happy Stamp Set, Happy Forest Dies and the Happy Forest Friends 12" x 12" Designer Series Paper...and it's a Swing Card Fun fold! The fold for this card is a CASE from stampingwithamore.com. This fold looks a little intimidating because of the half circle die cut but it is surprisingly easy!

1. Card Cuts:

- Card Base - Cut 1 Calypso Coral cardstock to 8-1/2" x 5-1/2" and score at 2-1/8" and 4-1/4"
- DSP - From the Happy Forest Friends Designer Series Paper, cut the following:
 - Cut 1 to 4" x 5-1/4"
 - Cut 1 to 5-1/4" x 2"
- Cut 2 Basic White circles (no scallop) from the Layering Circles Dies using the 2nd to largest die
- Cut 1 Calypso Coral scalloped circle from the Layering Circles Dies using the 2nd to largest die
- Scraps of Basic White cardstock for stamping and die cutting mushrooms, tree stump,

greenery, and owl

- Scraps of Mossy Meadow cardstock to die cut two pine trees
- Envelope - Cut 1 coordinating DSP to 6" x 2-1/2"

2. Cut and score the card base. The 2-1/8" score line is a mountain fold and the 4-1/4" score line is a valley fold. Place the card base on the Stampin' Cut & Emboss platform with the 2-1/8" score line facing in.

- Position the scalloped circle die over the 2-1/8" score line and center the circle over the line and from top to bottom on the card base. Secure the die using Washi tape or Post It tape so it doesn't shift when die cutting
- Position the edge of the top cutting plate at the 2-1/8" score line and just a hair over that line. You will need to feed the top cutting plate partially through the machine.
- Carefully roll this sandwich through the die cutting machine.

3. Die cut the 2 Basic White circles and the 1 Calypso Coral scalloped circle. Open the card base and adhere the Calypso Coral scalloped circle onto the inside of the card base, lining up this circle with the half circle cut into the card base. Make sure the scalloped edges of the 1/2 cut circle and the full scalloped circle match up.
4. Open the card fully and adhere the 5-1/4" x 2" piece of DSP to the center section, and adhere the 5-1/4" x 4" piece of DSP to the right section.

3. Using the Happier Than Happy Stamp Set, stamp the following onto scraps of Basic White cardstock then use the coordinating dies from the Happy Forest Dies to die cut:
 - Stamp 2 of the mushrooms in Calypso Coral ink
 - Stamp 1 tree stump in Soft Suede ink
 - Stamp 1 owl in Crumb Cake ink
 - Stamp 1 greenery sprig in Mossy Meadow ink
4. Die cut 2 pine trees from the Happy Forest Dies in Mossy Meadow cardstock.
5. On one of the white die cut circles, stamp the sentiment "hello, baby" in Calypso Coral ink at the top of the circle. Then adhere one of the die cut pine trees and greenery towards the bottom of the circle using Mini Glue Dots or Liquid Glue. Adhere the tree stump using Stampin' Dimensionals between the pine tree and greenery. Then adhere one of the mushrooms onto the tree stump towards the lower right. Once this circle is decorated, close the card front and adhere this circle over the 1/2 cut circle on the card front.
6. The 2nd die cut white circle will be placed inside of the card for the inside sentiment and this circle lines up with the circle on the front of the card when the card is fully closed. **Note: I found it helpful to make a light pencil mark at the top of the circle on both the front and the back after I had stamped the inside sentiment. You can go back later and erase the pencil mark on the front of this circle.**
 - Stamp the sentiment "Welcome" on the circle in Calypso Coral ink.
 - Use a temporary adhesive on the **front** of this circle (I used a Tombow removable adhesive tape runner) then adhere the front of this circle to the back of the 1/2 cut

circle.

- Use liquid glue on the back of the inside circle and carefully close the card to adhere this circle to the inside of the card.
- Carefully separate the front of the circle from the back of the 1/2 circle and remove the temporary adhesive.

7. Now that the inside circle is adhered to the inside of the card, you can decorate the circle. Adhere a pine tree die cut and mushroom towards the bottom of the circle. Use Stampin' Dimensionals to adhere the owl between the pine tree and greenery.

8. For the envelope I stamped a pine tree in Mossy Meadow ink and stamped a mushroom in Calypso Coral ink next to the pine tree.
9. Adhere a piece of coordinating DSP to the envelope flap and fussy cut around the flap to finish off the envelope.

This completes the card! I hope you give this fun fold a try!

Products used to create this card are included on the next page.
