The Kindest Gnomes Stamp Set, Gnomes Dies and the Storybook Gnomes 12" x 12" Designer Series Paper were used to create today's card. I can't get enough of this suite of products! The gnomes are the absolute cutest! Our gnome on today's card is hanging out with some of his woodland friends! Let's get started.

## 1. Card Cuts:

- Card Base - Cut 1 Pool Party cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- Mat - Cut 1 Coastal Cabana cardstock to 5-3/8" x 4-1/8"
- DSP Panel - Cut 1 Storybook Gnomes Designer Series Paper in the Pacific Point snowflake pattern to 5-1/4" x 3"
- Snow Bank - Cut 1 white glimmer paper from the Real Red & White 6" x 6" Glimmer Paper to 2-1/4" x 5-1/4", then hand cut the long side into a gentle snow bank

- Sentiment Label - Cut 1 Basic White cardstock to 2-1/2" x 1"
  - Sentiment Label Mat - Cut 1 Pool Party cardstock to 2-5/8" x 1-1/8"
  - Scraps of Coastal Cabana, Blushing Bride, Basic Black and Basic White cardstock for die cutting gnome pieces
  - Inside Mat - Cut 1 Coastal Cabana cardstock to 5-3/8" x 4-1/8"
  - Inside Panel - Cut 1 Basic White cardstock to 5-1/4" x 4"
  - Envelope Flap - Cut 1 coordinating DSP to 6" x 2-1/2"
2. From the Storybook Gnomes 12" x 12" Designer Series Paper pack, roughly cut out 1 moose and 1 fox from the patterned paper. Fussy cut around the images and set aside.
  3. From the Storybook Gnomes 12" x 12" Designer Series Paper pack, fussy cut 7 of the trees. I did not worry about fussy cutting around the tree trunks.
  4. Adhere the piece of Pacific Point snowflake pattern DSP to the Coastal Cabana mat towards the top edge of the mat, leaving a 1/16" inch reveal on the left, right and top. Adhere this unit to the card front.
  5. From the piece of white glimmer paper, use your paper snips or a pair of scissors and on the long side, cut gentle hills to form a snowbank. Be careful to not cut too much of the glimmer paper away as the snowflake pattern DSP should still be visible once you adhere the snowbank to the card front. Use a blending brush to lightly blend Pool Party ink across the snowbank. You do not need to cover the entire snowbank, just add some Pool Party ink across the top and bottom of the snowbank. Adhere the snowbank to the card front towards the bottom and leave a 1/16" reveal on the left, right and bottom. Note: Do not place adhesive or glue along the very top edge of the snowbank as you will be tucking in the trees underneath the top edge of the snowbank.
  6. Adhere 3 of the fussy cut trees on the left side of the card front and tuck the bottoms of the trees under the snowbank. Adhere 2 of the trees to the right side of the card front and tuck the bottoms of the trees under the snowbank. Note: For the two trees on the right keep in mind that the gnome will be adhered on this side so leave a gap between the two trees on the right so they will be visible.
  7. Using the Gnomes Dies, die cut a gnome hat from Coastal Cabana cardstock. Die cut the gnomes nose from Blushing Bride cardstock. Die cut the gnome's beard from Basic White cardstock and die cut the gnome's pants/shoes from Basic Black cardstock. Adhere the pieces of the gnome together. Adhere the gnome to the right side of the card front using Stampin' Dimensionals.
  8. Adhere the moose on the left side of the card front using Stampin' Dimensionals. Adhere the fox to the card front and place him partially over the gnome's foot and beard. You will need to use a combination of glue and a cut down Stampin' Dimensional to adhere the fox to the card front.
  9. Stamp the sentiment "Merry Christmas & a Happy New Year" in Pacific Point ink onto the sentiment label. Adhere the sentiment label to its Pool Party mat, then adhere the sentiment label to the card front using Stampin' Dimensionals. Adhere the sentiment on the upper left of the card front.

10. Adhere several Rhinestone Basic Jewels to the card front.
11. From a scrap piece of paper, cut out a snow bank. Use the negative of this cut out and use it as a mask to ink blend a snow bank on the inside white panel and envelope front. Use a blending brush to ink blend Pool Party ink onto the bottom of the white inside panel and the bottom of the envelope front.
12. On the inside white panel, stamp the sentiment "warm wishes" in Pacific Point ink. Adhere the 2 remaining fussy cut trees on the snowbank at the bottom of this panel that you created from step #11 above.
13. Adhere the piece of coordinating DSP to the envelope flap and fussy cut around the flap to finish off the envelope.

The Kindest Gnomes stamps, dies and designer series paper create the cutest holiday cards! This would be a great kids Christmas card, but I know many adults who would also appreciate receiving this card as well! : )
