The **Sweet Candy Canes Stamp Set**, **Candy Canes Dies**, **Merriest Frames Dies**, **Merriest Frames Hybrid Embossing Folder** and the **Sweetest Christmas 12" x 12" Designer Series Paper** were used to create today's card. I love how this card turned out! The cheerful red and white polka dot paper really sets off the die cut green frame and the die cut candy canes! Oh...and I'm in love with the Metallic Mesh Ribbon! So much fun to play with! Let's get started!

## 1. Card Cuts:

- Card Base - Cut 1 Garden Green cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- DSP Panel - Cut 1 Sweetest Christmas 12" x 12" DSP from the red and white polka dot print to 5-3/8" x 4-1/8"
- Embossed and Die Cut Panel - Cut 1 Garden Green cardstock to 5-1/2" x 4-1/4"
- Silver Rectangle - Die cut 1 silver foil from the Silver Foil 12" x 12" Specialty Pack to 2-7/8" x 2-1/8"
- Sentiment Label - Cut 1 Basic White cardstock to 2-3/4" x 1-3/4"
- Envelope Flap - Cut 1 coordinating DSP to 6" x 2-1/2"

2. Start off by adhering the red and white polka dot DSP panel to the front of the card base.

3. Using the Merriest Frames Hybrid Embossing Folder, emboss the Garden Green panel

measuring 5-1/2" x 4-1/4", making sure to center the panel in the embossing folder. Next, use the detailed frame die from the Merriest Frames Dies and fit the die over the embossed green panel, making sure to line up the die with the embossed image, then die cut. This large frame die fits over the already embossed image on this panel so you'll need to match up the embossed greenery images with the die.

4. From the Sweet Candy Canes Stamp Set, stamp the sentiment "Candy Cane wishes and Mistletoe Kisses" in Real Red ink onto the sentiment label cardstock.
5. Using the center frame rectangle die from the Merriest Frames Dies, die cut the piece of Silver Foil. Also die cut the sentiment label using the die from the Candy Canes Dies with the hole on each end (this die is intended to fit over an actual candy cane, but it can also be used as a sentiment label for your cards too).
6. Adhere the silver rectangle to the embossed and die cut green frame but do not adhere to the card front yet!
7. Okay...here is the fun part! The candy cane dies from the Candy Canes Dies set, will actually cut out the large candy canes on the Sweetest Christmas 12" x 12" Designer Series Paper! Using each of the candy cane dies from this set, die cut two candy canes from the DSP paper in red and white. You will need one candy cane that faces right and one that faces left, so use both of the candy cane dies from the set. Cross the two candy canes (refer to photo at top of page) and adhere together with a small drop of liquid glue. When determining placement I first dry fit the candy canes over the silver panel and placed the bottoms of the candy canes in the lower corners and the tops of the candy canes slightly overhanging the top of the silver panel. Once the candy canes are glued at the intersecting point, use Stampin' Dimensionals to adhere the candy canes to the silver rectangle at the center of the green embossed and die cut frame.
8. Cut a piece of the Metallic Mesh Ribbon to approximately 5-1/2" inches, then cut the ribbon in half length-wise. You will only be using one piece of this ribbon - you can set aside the other piece for a future project. Taking one end of the ribbon, insert the end through the sentiment label hole from front to back, pull the ribbon through and insert the end through the opposite hole from back to front. Place a Stampin' Dimensional on the back of the sentiment label (where it won't interfere with the candy canes) and adhere the sentiment label to the green embossed and die cut frame and over top of the bottoms of the crossed candy canes. Lightly wrap each end of the ribbon to the back side of the green frame and secure with a little Stampin' & Seal. This ribbon is very light weight. I did not try to weave the ribbon through the die cut green frame, I just lightly wrapped it to the back.
9. Adhere the green frame unit to the card front using Stampin' Dimensionals. I only applied Stampin' Dimensionals to the center (solid) portion of the frame. Center the frame onto the card front and make sure the frame does not hang over the card edge.
10. Cut another piece of the Metallic Mesh Ribbon and tie a bow. Adhere the bow just under the sentiment label using a Mini Glue Dot.
11. On the inside panel, stamp the sentiment "May the good times of today become the cherished memories of tomorrow" from the Sweet Candy Canes Stamp Set in Real Red ink.

Using Garden Green ink, stamp the Mistletoe sprig several times in the lower right corner and upper left corner, then adhere the panel to the inside of the card.

12. On the lower portion of the envelope front, stamp the same mistletoe sprig using Garden Green ink. Adhere the coordinating piece of DSP to the envelope flap, then fussy cut around the flap to finish off the envelope.

The card is complete! Anyone would love to receive this fun and playful holiday card! (p.s. It was tons of fun to create, too!)

Products used to create this card are included on the next page.
