Here's another card using simple stamping (no dies or complicated folds). I used sentiments from the **Brightest Glow Stamp Set** and the pine bough image from the **Christmas Banners Stamp Set** to create this card. Paper from the **Sweetest Christmas 12" x 12" Designer Series Paper** pack was used for the background on the card front. Let's get started!

1. Card Cuts:

- Card Base - Cut 1 Real Red cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- DSP Mat in Garden Green Dot Pattern - Cut 1 to 5-3/8" x 4-1/8"
- Mat - Cut 1 Real Red cardstock to 4-3/8" x 3-3/8"
- Rectangle for Stamping - Cut 1 Basic White cardstock to 4-1/4" x 3-1/4"
- Sentiment Label - Cut 1 Basic White cardstock to 2-1/2" x 1-1/2"
- Sentiment Label Mat - Cut 1 Real Red cardstock to 2-5/8" x 1-5/8"
- Inside Panel - Cut 1 Basic White cardstock to 5-1/4" x 4"
- Inside Panel Mat - Cut 1 Real Red cardstock to 5-3/8" x 4-1/8"
- Envelope Flap - Cut 1 coordinating DSP to 6" x 2-1/2"

2. Using the pine bough image from the Christmas Banners Stamp Set, repeatedly stamp the

image in Garden Green ink around the perimeter of the 4-1/4" x 3-1/4" piece of white cardstock. Stamp the image, then second generation stamp the image again to vary the shade of the pine boughs. Note that the stems of the pine boughs will be in the center of the panel. The sentiment label will hide the center of the panel and the stems, but it's a good idea to check placement of the pine boughs before stamping. See image below.

3. While you have the pine bough stamp and Garden Green ink out, stamp pine boughs on the Inside Panel in the lower right and upper left corners. Also stamp the pine boughs on the lower right corner of the envelope front. Stamp the image once, then second generation stamp the image again.
4. On the sentiment label, stamp the sentiment "Merry Christmas" from the Brightest Glow Stamp Set in Real Red ink. Adhere the sentiment label to its Real Red mat.
5. Stamp the sentiment "let your heart be light" from the Brightest Glow Stamp Set in Real Red ink on the inside panel.
6. Adhere the piece of designer series paper to the card front.
7. Adhere the panel with the stamped pine boughs to its Real Red mat, then use Stampin' Dimensionals to adhere this unit to the card front. Center the panel on the card front.
8. Adhere the sentiment label to the center of the stamped panel using Stampin' Dimensionals.
9. Adhere the inside panel to its Real Red mat, then adhere to the inside of the card.
10. Tie a bow using Glittered Organdy Ribbon and adhere the bow to the card front using a Mini Glue Dot. I adhered the bow to the upper left corner of the sentiment label.

11. Use several Red Rhinestone Basic Jewels to decorate the card front.
12. Adhere the piece of coordinating DSP to the envelope flap then trim around the flap to finish off the envelope.

The card is complete! Making cards does not have to be complicated to look beautiful!
