Today's card was created using the **So Refreshing Bundle** and **Inked Botanicals 6" x 6" Designer Series Paper**. For the background of the card I did a little masking and ink blending, followed by dropping water droplets onto the background to create a watercolor look.

## 1. Card Cuts:

- Card Base - Cut 1 Lemon Lolly cardstock to 8-1/2" x 5-1/2", score at 4-1/4"
- Outside & Inside Mats - Cut 2 Pretty Peacock cardstock to 5-3/8" x 4-1/8"
- Outside & Inside Panels - Cut 2 Basic White cardstock to 5-1/4" x 4"
- Table Covering - Use a print from the Inked Botanicals 6" x 6" DSP pack in Lost Lagoon and Pretty Peacock
- Lemonade Pitcher, Glasses, Leaves and Lemons - Scraps of Basic White cardstock
- Greenery - Scrap of Pretty Peacock cardstock
- Strawberries & Strawberry Tops - Small scraps of Poppy Parade and Pretty Peacock cardstock
- Sentiment Label - Cut 1 Basic White cardstock to 2-1/2" x 7/8"
- Envelope Flap - Cut 1 Coordinating DSP to 6" x 2-1/2"

2. Apply a piece of Post It Tape horizontally across one of the Basic White panels. The tape should be positioned about 1/3" of the way down from the top of the panel. Use a blending brush to blend Pretty Peacock ink above the Post It Tape, concentrating the ink at the masked line and out to the sides. Leave the very upper portion of the panel white. Remove the Post It Tape, then reposition it so that the area that was just ink blended is covered. Then, use a blending brush to lightly blend Lost Lagoon onto the lower two thirds of the panel. The sides and bottom of this portion of the panel should be left white.

3. Remove the Post It Tape from the panel. Use a small paint brush or your fingers and flick water droplets onto the panel. Use a dry paper towel to soak up the excess water as soon as you see white under the water droplets. Do not allow the water droplets to remain on the panel too long as this may warp the panel. Dropping water onto the ink blended panel creates a pretty watercolor affect. Allow the panel to completely dry.

## 4. Do the following:

- On a scrap piece of white cardstock, use the outline stamps for the pitcher and glass. Stamp the pitcher and two glasses using Lost Lagoon ink. Use the fill stamps for each and stamp the centers of the pitcher and glasses using Lemon Lolly ink.
- Use Daffodil Delight ink to stamp two lemon slices inside of the pitcher. I positioned the slices towards the top of the pitcher.
- On the same piece of white cardstock, use the Lemons fill stamp and stamp in Lemon Lolly ink. Use the detailed fill stamp to stamp the detail of the lemons using Daffodil Delight ink.
- Stamp the detailed, small, two-leaf image in Pretty Peacock ink onto white cardstock. Stamp the fill for the leaves in Lost Lagoon ink. Stamp a total of 3 sets of leaves.
- Use the coordinating dies from the So Refreshing Dies set to cut out the above stamped images.
- Die cut 1 tablecloth from a piece of Inked Botanicals DSP in a Lost Lagoon and Pretty Peacock leaf print.
- Die cut 1 set of strawberries from Poppy Parade cardstock and 1 set of strawberry tops from Pretty Peacock cardstock. Each of these dies will cut out 3 at one time so you

only need to run through your Stampin' Cut & Emboss Machine one time.

- Die cut 2 leaf sprigs from Pretty Peacock cardstock

5. Adhere the tablecloth to the ink blended panel. Position the tablecloth so that the widest part is horizontal and line up the top edge with the ink blended line on the panel. Adhere the tablecloth using liquid glue. Use Mini Glue Dots to adhere the pitcher and glasses onto the tablecloth (refer to photos). Tuck one of the leaf sprigs under the right side of the glasses. Cut apart the second leaf sprig and tuck one leaf just under the bottom of the glasses.
6. Adhere the lemons just below and to the right of the pitcher using a Stampin' Dimensional. Tuck the three small two-leaf images around the lemons using liquid glue. I placed these on the left, top and to the right of the lemons.
7. Glue the strawberry tops to the top of the strawberries, then use glue to adhere the strawberries to the card front. I placed two strawberries to the bottom left of the pitcher and tucked one slightly under the lemons. The pops of red strawberries really add interest to the card!
8. Adhere the completed panel to one of the Pretty Peacock mats, then adhere this unit to the card front.
9. Stamp the sentiment "Thank you kindly" onto the sentiment label using Pretty Peacock ink. Adhere the sentiment label to the card front using Stampin' Dimensionals and position the label onto the bottom right of the card front so that the right edge of the label is flush with the right side of the white panel.

10. Tie a small bow using a piece of Lost Lagoon Bordered Ribbon and adhere the bow just above the top left of the sentiment label using a Mini Glue Dot.
11. On the inside panel, stamp the solid image of the lemons using Lemon Lolly ink, then stamp the detailed image of the lemons using Daffodil Delight ink. Stamp the image onto the lower left of the panel. Adhere the panel to the remaining Pretty Peacock mat, then adhere this unit to the inside of the card.

12. Stamp the same lemon image onto the lower left of the envelope front using the two-step stamps. Adhere a piece of coordinating DSP to the envelope flap, then trim the excess paper away from the flap.
13. Adhere several yellow Tinsel Gems to the card front.

This completes the card! I love how this card turned out and I hope you'll give it a try! The combination of white, Lemon Lolly, Pretty Peacock and Lost Lagoon together is just lovely and the pops of the red strawberries adds some extra interest to the card!
