This pretty Valentine's Day card was created using the **Adoring Hearts Bundle** which includes the **Adoring Hearts Stamp Set**, **Adoring Hearts Hybrid Embossing Folder** and the **Adoring Hearts Dies**. I used a fun inking technique with the Hybrid Embossing Folder & Dies to create the center hearts. Read on!

Supplies:

- Adoring Hearts Bundle (stamp set, hybrid embossing folder and dies)
- Sweet Sorbet Bordered Ribbon
- Adhesive-Backed Hearts & Flowers
- Cardstock: Basic White Thick Cardstock, Basic White, Sweet Sorbet
- Ink: Bubble Bath, Sweet Sorbet

1. Card Cuts:

- Card Base - Cut 1 Basic White Thick cardstock to 8-1/2" x 5-1/2" and score at 4-1/4"
- Outside & Inside Mats - Cut 2 Sweet Sorbet cardstock to 5-3/8" x 4-1/8"
- Outside & Inside Panels - Cut 2 Basic White cardstock to 5-1/4" x 4"

- Die Cut Hearts - Cut 1 Basic White cardstock to 5-1/2" x 2"
- Sentiment Label - Cut 1 Basic White cardstock to 3-1/4" x 1"
- Sentiment Label Mat - Cut 1 Sweet Sorbet cardstock to 3-3/8" x 1-1/8"

2. Prepare the Outside Panel:

- Using the Adoring Hearts Hybrid Embossing Folder, emboss one of the Basic White panels measuring 5-1/4" x 4". Be sure to center the panel so that the hearts will be equally distributed across the panel. The embossed hearts on the left and right will only be partial hearts.
- Adhere this embossed panel to one of the Sweet Sorbet mats.
- Using a length of Sweet Sorbet Bordered Ribbon, wrap the ribbon horizontally around the panel approximately 2" from the bottom edge. Use Stampin' Seal to secure the ribbon ends onto the back of the panel. Note that the ribbon will sit exactly between the middle hearts and the bottom hearts.
- Adhere the panel to the card front using Stampin' Dimensionals.

3. Prepare the Three Inked and Embossed Hearts:

- Fully open the Adoring Hearts Embossing Folder and lay it flat so that the inside of the embossing folder is face up.
- On the side of the embossing folder that has the line and Stampin' Up! logo, use your Bubble Bath ink pad to ink up the three hearts at the center of the embossing folder from top to bottom. Note: you can fully open your ink pad and turn it upside down and blot the area to be inked on your embossing folder or use a Brayer by rolling the Brayer across your open ink pad, then applying ink onto the embossing folder. I simply turned my ink pad upside down and blotted it onto the embossing folder surface.
- Carefully place the large six-heart die from the Adoring Hearts Dies set onto the side of the embossing folder that you just inked. Line up the six large hearts with the die. Important Note: The die should be placed so that the cutting edge is face up. The die will nicely fit over the six hearts and "click" into place.
- Carefully lay the 5-1/2" x 2" piece of white cardstock onto the three center hearts (top to bottom), then carefully close the embossing folder so that the die and cardstock do not move.
- Run the embossing folder through your Stampin' Cut & Emboss Machine or whatever die cutting machine you have. Be sure to run the embossing folder through with the folded edge of the folder going through the machine first.
- Use a pair of tweezers to remove the three die cut hearts and the excess cardstock. The hearts are now embossed, die cut and inked all at the same time!
- Carefully remove the die and wipe clean with a damp cloth.
- Wipe the embossing folder clean with a damp cloth.

Using the Adoring Hearts Hybrid Embossing Folder & Dies – Inking the Embossing Folder

1. Lay open embossing folder on work surface.
2. Open ink pad, then turn ink pad upside down and ink up the raised portion of the embossing folder (this is the half of the embossing folder that has the Stampin' Up! Logo). You can also use the Brayer to ink up the embossing folder if you prefer.

Note: I only inked up the center three hearts because this is all I wanted to emboss.

Using the Adoring Hearts Hybrid Embossing Folder & Dies – Placing the Die

1. Carefully place the large Adoring Hearts Die face up on the inked surface of the Embossing Folder.

Using the Adoring Hearts Hybrid Embossing Folder & Dies – Placing the Cardstock

1. Carefully place the cardstock to be inked and embossed onto the prepared embossing folder.
2. Close the embossing folder being careful to keep the die and cardstock in place (don't let it shift), then run the embossing folder through your Stampin' Cut & Emboss Machine.

Note: I used a 5-1/2" x 2" piece of cardstock because I only wanted three hearts. If you would like to ink and cut all six hearts, cut a piece of cardstock to fit the embossing folder and ink the entire surface of the embossing folder.

4. Adhere the three inked, embossed and die cut hearts to your card front using liquid glue and place them over the embossed hearts on the previously embossed, larger panel. Because you already embossed the larger white panel on the card front, the hearts will sit slightly higher - giving them a little dimension.

5. Loop a length of Sweet Sorbet Bordered Ribbon through the wrapped ribbon on the card front and tie into a bow. I positioned the bow to the far right of the card front.
6. Using the Adoring Hearts Stamp Set, stamp the sentiment "to my valentine" in Sweet Sorbet ink onto the sentiment label. Adhere the sentiment label to its Sweet Sorbet mat, then adhere the sentiment label to the card front using Stampin' Dimensionals. The left edge of the sentiment label is flush with the left edge of the card base.
7. On the inside panel, stamp the sentiment "You are most loved" in Sweet Sorbet ink. Then, stamp the large heart image over top of the sentiment in Bubble Bath ink. Adhere the panel to the remaining Sweet Sorbet mat, then adhere this to the inside of the card.

8. Stamp the large heart image onto the envelope front using Bubble Bath ink.
9. Stamp the small heart image onto the envelope flap using Bubble Bath ink.
10. Adhere several Sweet Sorbet Adhesive-Backed Hearts to the sentiment label on the card front to complete the project.

This completes the card! I love white on white cards! The Bubble Bath hearts add some softness to this card and the Sweet Sorbet sentiments and mats add a small pop of color! Give this Valentine's Day Card to the love of your life, a parent, a friend or a little one!

Products used to create this card are included on the next page.
